

How do I view student progress?

You can view a student's progress in a number of different ways, which include the following:

- [Monitor Student Progress](#) - displays the status of each student within a live sitting.
- [View Student Activity Log](#) - displays a list of all the assessments a student has been assigned, started and completed. The date and time is included for each of these events.
- [Preview Reports](#) - display student assessment results in PDF or MS Excel format.
